Summary

The Pre-AP Arts framework is organized according to five Big Ideas: Observe and Interpret, Practice and Experiment, Research and Make, Reflect and Evaluate, and Revise and Share. This process-oriented focus relates naturally and deeply to the Colorado Arts Standards' process-focused strands. These documents reinforce one another, as they have shared goals for students to engage in a full range of artistic processes and practices.

Beyond alignments to the framework, it is also important for educators to turn to the Pre-AP Shared Principles and Pre-AP Arts Areas of Focus, which represent the Pre-AP approach to teaching and learning and address skill development and disciplinary practices that cannot be easily captured within a standards crosswalk. **In summary, there are ample opportunities for teachers to address the Colorado Arts Standards with confidence throughout these courses.**
